

Renish daily life

I usually woke up at 5.00am to prepare for school. The first thing I do is take a cold bath, put on my uniforms, take my bag and walk to school. We are needed to arrive at school as early as 6.00am, since my school is one and half kilometer from home, am needed to begin walking early.

At school we for morning studies till 7.30am then we do our daily manual work at school and at 8.00am we get back to class for our normal classes. We usually have ten lessons per day from 8.30am to 5.00pm. however there is a short between 10.30am to 11.00am and another lunch break at 1.00pm before games time and home at 5.00pm.

We come back home at 6.30pm daily, I carry out some house chores since there is no dinner I wait for supper as I study in my mothers house. After supper I study until 10.00pm and then I go to sleep. The routine repeats itself everyday. Every weekend on Saturday I wake in the morning, go to farm, come back, do my washings, get breakfast and prepare to go to school in the afternoon.

On Sundays in the morning I prepare what to take and probably Uji, get a bath and go to church for prayers. After church I get ready for school in afternoon and the routine repeats itself.
