	<p>Administration För att administrera projekten krävs ett kontor med några anställda. Under uppbyggnadsskedet står FoK för merparten av dessa kostnader, men målsättningen är att kontoret så småningom ska bli självfinansierat.</p>				

FoK's ansvar:

- Responsible to participate in the work to find investors for projects in the agreement.
- Develop the Karopa Integrated CBO website so as to promote the project through the website and thereby encourage support for actual projects.
- Provide advisory and business support to Karopa Integrated CBO.
